

ADVANCE NOTICE OF PESTICIDE TREATMENT

Attention: Parents/Guardians of students attending Notre Dame Preparatory School and Marist Academy

Notre Dame Preparatory utilizes an Integrated Pest Management approach for pest control, employing non-chemical methods that include sanitation and exclusion to control pests. However, from time to time a pesticide application may be necessary to control certain pests.

FOR 1300 and 1425 GIDDINGS ROAD (All Divisions): Please be advised that fertilizer is scheduled to be applied to the lawn, which also includes a pre-emergent crabgrass herbicide to control weeds. All lawn areas will be treated by Superior Scape on **Thursday and Friday, April 18-19, during Easter break.**

If you have questions pertaining to this treatment, please contact:

Name: Julie Frakes, Facilities Manager

Phone: 248-373-5300 x8015

E-mail: jfrakes@ndpma.org

For further information pertaining to pesticides you can contact the National Pesticide Information Center at Oregon State University. The toll free number is 800-858-7378. The web site is www.npic.orst.edu.

For additional information pertaining to pesticide use, you can contact the Michigan Department of Agriculture and Rural Development (MDARD). The MDARD's web site is www.michigan.gov/mdard and a contact phone number for MDARD is 800-292-3939.
